

# POWELL RIVER REGIONAL DISTRICT

## COMMUNITY MEETINGS

## RIPARIAN AREAS REGULATION

The *Riparian Areas Regulation* (RAR), adopted by the provincial government, mandates the Powell River Regional District (PRRD) to implement land use controls to protect fish and fish habitat in the Electoral Areas. The PRRD, with the assistance of Landworks Consultants, is considering the most effective way to implement the RAR in this region.

**You may be affected by the RAR** if you are planning any residential, commercial or industrial development or works within 30 metres of a watercourse.

The following community meetings have been scheduled to provide information about how the RAR could be implemented in your area. All residents and property owners are invited and encouraged to attend these meetings.

### **Lund Community Centre**

**7:00 pm, Monday, March 9, 2009**

### **Gillies Bay Community Hall**

**7:00 pm, Tuesday, March 10, 2009**

### **Kelly Creek Community School**

**7:00 pm, Wednesday, March 11, 2009**
