# TEXADA OFFICIAL COMMUNITY PLAN

Vol. 22

---

## A Refreshed Community Vision!

We are working in **Phase 3** of the planning process for the new Texada Island Official Community Plan (OCP). The first milestone was the development of a draft Community Vision Statement:

*Texada Island's vision is to sustain an independent rural lifestyle with minimal regulations. We envision our Island economy fostering a diverse and balanced mix of resource industries, tourism, and small business enterprises. Texada Island will adapt to change carefully, while always preserving our freedoms, stewarding the natural beauty of our island, our coast, and our island lifestyle.*

**Next steps** under way include developing community goals, objectives, and policies to support the community vision.
